(b) The above scale is for twelve months. For six months six-twelfths of the fee will be charged, for nine months nine-twelfths, and so on, at the rate of one-twelfth for each month; but no fee is to be less in amount than three-twelfths. In all cases of *new* steam-ships, or of steam-ships coming under survey for a Passenger Certificate for the first time, a full twelve months' fee must be paid, notwithstanding that a Certificate for twelve months may not be required, and in no case of an incomplete declaration will less than three-twelfths be charged.

(c) The fee paid in accordance with the foregoing scale covers any number of visits that a Surveyor may require to make before he is able to grant his declaration, as well as the inspection of the lights and fog signals and of the marking of the vessel, which inspection must be made by the Surveyor before he can grant his declaration. The fee does not, however, apply to or include any inspection of lights, fog signals, or marking, made subsequently to the granting of the declaration.

(d) The above fee does *not* cover any service under the Chinese Passengers' Act, 1855, or the Asiatic Emigration Ordinance, 1915, or measurement for tonnage.

(b) A special survey is to be deemed to be a survey requiring more than two visits by a Government Surveyor or Surveyors, or a survey in cases in which from age or any other circumstances there are reasonable grounds for doubting the seaworthiness of the vessel. Where the case requires unusual attention and occupies an unusual amount of the Surveyor's time, the higher fee of \$60 and upwards will be charged, according to the special circumstances of the case and the number of visits made.

(c) Where a declaration has been granted for a Steamship under Section 10 (8) of the Merchant Shipping Ordinance 1899, the survey under the Chinese Passengers' Act 1855 or the Asiatic Emigration Ordinance 1915 will be made on payment of half the usual fee mentioned above. The fee paid in accordance with the above scale covers the inspection of the lights and fog signals, and of the marking of the vessel, made at the time of survey under the Chinese Passengers Act 1855 or the Asiatic Emigration Ordinance, 1915. It does not, however, apply to, or include, any inspection of lights, fog signals, or marking, made subsequently to such survey.

(d) The fee for survey under the said Act or Ordinance does not cover any survey of a Steamship for a Passenger Certificate under this Ordinance, or measurement for tonnage, or inspection of crew spaces.

(e) Travelling expenses (if any) and subsistence expenses (if any) due according to the scale authorised by the Governor, will be charged in addition to the fees.

The Royal Observatory is situated on a hillock, 100 feet high, near the southern extremity of the Kowloon Peninsula, about 1000 yards from the harbour to the South, 500 yards from the east side of the peninsula and 900 yards from the west side. The surrounding country is flat, except to the North, where a range of hills from 200 to 400 feet high stretches across the peninsula a mile from the Observatory. From 3 to 20 miles farther North the ground is hilly over the greater part of the peninsula with peaks from 2000 to 3000 feet high. Five miles to the eastward of the Observatory, where another small peninsula projects southward, is a range of hills from 700 to 1000 feet high. To the westward of the Observatory, the hills on Lantau Island, 10 miles distant, rise to 3000 feet.
